

# 10 SLACKERS ARE FOUND IN JUANES

All Are Said To Be Citizens of the State of New Mexico.

Ten slackers have been located in Juanes during the last few days, but government authorities are unable to take any action to secure their return to the United States to stand trial for violation of the selective draft provision of the army bill. The slackers are New Mexicans and all are of Spanish descent, it is said.

Government agents say that in case the Carranza government declares war on Germany and thereby becomes an ally of the United States, there may be some way by which the men can be returned to the United States to be punished for refusing to register.

## LAWRENCE ORDERED TO REPORT FOR ACTIVE DUTY

James Lawrence, for years superintendent of telegraph on the Mexican Central railway, and later superintendent of telegraph on the Mexico North Western, who was recently commissioned as a first lieutenant in the signal corps, has received orders from Ft. Sam Houston to report for active duty. He will leave within a few days for Ft. Sam Houston. Lawrence installed the telegraph system on the Mexico North Western Chihuahua division, when the line was built. He has resided in El Paso for the last three years.

# RAILROAD MAN COULD HARDLY KEEP ON JOB

Suffered eighteen years—Gained fifteen pounds since taking Tanlac.

"For eighteen years I suffered from catarrh and stomach trouble and while I tried everything I could hear of I kept getting worse until I began taking Tanlac."

Frank C. Jelic, who made the above statement while in Kelly & Pollard Company's drug store, El Paso, a few days ago, resides at 224 South Walker street, and has been a stationer at the Atchison, Topeka & Santa Fe railroad between this city and Albuquerque, New Mexico, for the past eight years and is well known.

"I lost my appetite entirely," continued Mr. Jelic, "nothing I would eat seemed to digest at all and I would just lay in my stomach and sour and make trouble and misery for me. Here of late my condition became much worse. I lost weight rapidly and worst of all I got so I could not sleep. For many years I have been under treatment or trying out some medicine I read of. My vitality and energy about all left me and I became so short of strength it was an effort for me to hold down my job with the road."

"A friend of mine who I was talking with one day about my condition told me how Tanlac had fixed him up in fine shape and I forthwith bought a bottle and began taking it. I couldn't tell it was helping me until I had taken about three bottles and since then I have improved rapidly. I have been six bottles now and here I am, just about as well as I ever was and have actually gained fifteen pounds in weight besides. My catarrh trouble is so much better that I hardly know I ever had it and I'm not bothered with stomach trouble at all. My appetite is enormous and when I get to the end of my run the first thing I think about is eating. I am already feeling like a new man but as I had suffered so long I am going to take a few more bottles of Tanlac as a clincher. I believe if anyone in condition I will soon find out like I did, that it does the work."

Tanlac is sold in El Paso by Kelly & Pollard Company, Inc., under the personal direction of a special Tanlac representative.—Adv.

## CHAPLAIN O'KEEFE TO BE SPEAKER AT CAMP SERVICE

Through the invitation of chaplain Jos. Clemens the religious services each Sunday evening at the Tabernacle at Fort Bliss are under the direction of some notable speaker. Next Sunday evening at 7 o'clock the services at the fort Tabernacle will be in charge of the Catholic priest, a special program will be given.

Chaplain T. P. O'Keefe will deliver the sermon. He will be assisted in the service by chaplain G. F. Frand, U. S. P. H. S., who is at present visiting local clergy, and the very Rev. Father Cougal, C. M., of the University of Dallas.

The combined Catholic choir of the city of El Paso will furnish a special musical program with the Rev. Father Cougal as director. A full choir rehearsal was held at the Pro-Cathedral yesterday night. The next will be held at the same cathedral next Friday evening, when all the choir will meet for the final rehearsal.

## MANY RECRUITS ARRIVING

A special train of recruits destined for organizations at Fort Bliss, arrived Sunday over the El Paso & Southwestern from Fort Logan, Colo. A car of recruits passed through El Paso Monday for Douglas, Ariz., and another went through Sunday.

# Former United States Senator Mason, Pioneer in Pure Food and Drugs Legislation, Father of Rural Free Delivery System Says Nuxated Iron

Increased His Power and Endurance so Much, That He Feels It Ought to Be Made Known to Every Nervous, Run-down, Anaemic Man, Woman and Child.

Opinions of Dr. Howard James, late of the Manhattan State Hospital of New York and formerly Assistant Physician Brooklyn State Hospital; Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York; and Former Health Commissioner Wm. R. Kerr, of the City of Chicago.

## What Senator Mason Says

Gentlemen: I have often said I would never recommend medicine of any kind. I believe that the doctor's place. However, after the hardest political campaign of my life, without a chance for a vacation, I had been starting to court every morning with that horrible tired feeling one cannot describe. I was advised to try Nuxated Iron. As a pioneer in the food and drug legislation, I was at first loath to try an advertised remedy, but after advising with my medical friends, I gave it a test. The results have been so beneficial in my own case, I made up my mind to let my friends know about it, and you are at liberty to publish this statement if you so desire. I am now 65 years of age and I feel that a remedy which will build up the strength and increase the power of endurance of one at my age, should be known to the world.

Yours very truly, Wm. E. Mason

CHICAGO, ILL.

Senator Mason's statement in regard to Nuxated Iron was shown to several physicians who are requested to give their opinions thereon.

Dr. Howard James, late of the Manhattan State Hospital of New York and formerly Assistant Physician Brooklyn State Hospital, said: "Senator Mason is to be commended on handing out this statement on Nuxated Iron for public print. There are thousands of men and women who need a strength and blood-builder but do not know what to take. There is nothing like certain food in ironing tissue. Without it no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron."

Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never given out any medical information or advice for publication, as I ordinarily do not believe in it. But in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising and
